Professional Summary

Aspiring Full Stack Developer skilled in React.js, Node.js, Express.js, MongoDB, JavaScript, and Python with hands-on experience in building MERN stack applications, REST APIs, JWT authentication, and real-time applications using Socket.IO.

Education

Bachelor of Engineering in Computer Science Engineering	2023–2027
--	------------------

Garden City University, Bengaluru

CGPA: 8.35/10

Pre-University Course (Science)	2021–2023
--	------------------

Jnana Bharathi PU College

Percentage: 83%

SSLC	2020–2021
-------------	------------------

Morarji Desai Residential School

Percentage: 94.56%

Technical Skills

Languages: JavaScript, Python, SQL

Frontend: React.js, HTML5, CSS3, Tailwind CSS

Backend: Node.js, Express.js

Database: MongoDB, MySQL

Tools: Git, GitHub, VS Code, Postman

Concepts: REST APIs, JWT Authentication, Socket.IO, OOP

Projects

Watch Party Platform	<i>MERN Stack</i>
-----------------------------	-------------------

- Developed a full-stack Watch Party platform using React.js, Node.js, Express.js, and MongoDB with JWT authentication.
- Implemented Socket.IO for synchronized video playback, live chat, and real-time participant communication.
- Built REST APIs and deployed the application using Netlify/Vercel, Render, and MongoDB Atlas.

Sign Language Recognition System	<i>Mini Project</i>
---	---------------------

- Developed a web application for real-time and image-based sign language recognition.
- Built a responsive React interface integrated with REST APIs and authentication.
- Designed reusable React components for an improved user experience.

Video Download Platform (Ongoing)	<i>Major Project</i>
--	----------------------

- Developing a full-stack Video Download Platform using React.js, Node.js, Express.js, and MongoDB.
- Implementing JWT authentication, REST APIs, and a subscription-based download system for Free and Premium users.
- Building a responsive dashboard with React.js and Tailwind CSS while integrating MongoDB for user and video management.

Certifications

- Google UX Design Professional Certificate
- Full Stack Web Development

Achievements

- Developed multiple MERN Stack applications using React.js, Node.js, Express.js, and MongoDB.
- Built real-time web applications using Socket.IO and REST APIs.
- Solved authentication, deployment, and API integration challenges during project development.

Soft Skills

Problem Solving • Teamwork • Communication • Leadership • Adaptability • Time Management
